

ABSTRACT OF THE DISCLOSURE

MEDIWATCH

Mediwatch is an alarm watch that opens into a pillbox. The face of the watch is on a hinge with a secure safety closure. There are three or four pill compartments inside the base of the watch, thus allowing the wearer to carry a full day's supply of medication. The watch will be available in four styles.

1. Wrist Watch

2. Pocket Watch

3. Neck Watch

4. Bracelet watch with 2

extra pill compartments.
